CLASS OF 2016

Congratulations

Class of 2016!

The 78th Norwood High School

Diana Flemer

Ms. Flemer began her teaching career over 50 years ago in 1963, in her native state of Ohio. As a teacher who majored in Fine Arts in college at Ohio University, she has been involved in the arts throughout her educational career, beginning with directing multiple plays at the first school she taught at. She then moved to New York City in 1966 and taught high school in Westchester County for four years. After getting married she moved to Egypt for 3 years, attending graduate school the American University in Cairo and then teaching at Cairo American College. After all of her time spent abroad and in various countries like Yemen, Ethiopia, Morocco, and Thailand, Ms. Flemer made her way to Boston and began her teaching career at Norwood High in 1974. At the start of her NHS career she taught TV for 20 years while teaching English as well. After a three year adventure living in Bahrain, a small island nation in the Persian Gulf, where she tutored the children of the ambassador from Kuwait, Ms. Flemer returned to Norwood to teach English full time, which is what she still does today.

Ms. Flemer teaches the senior elective Creative Writing, and will be remembered at NHS for integrating technology into her English courses, her creativity, amazing fashion sense, and her devotion to preparing CP2 students to succeed at the MCAS exam. The Class of 2016 thanks Ms. Flemer to her years of service to NHS and wishes her a happy retirement!

“Whenever you work with kids in a creative way, that’s the best thing you can do.”

- Ms. Flemer

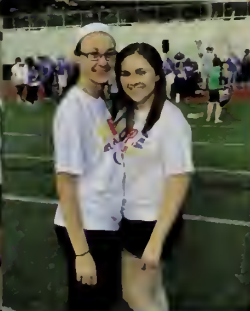

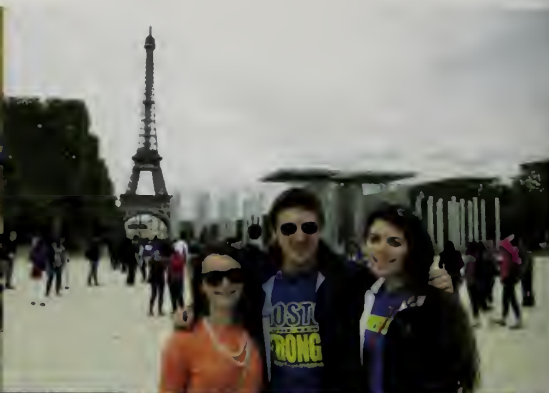

ool TIOT is co-dedicated to:

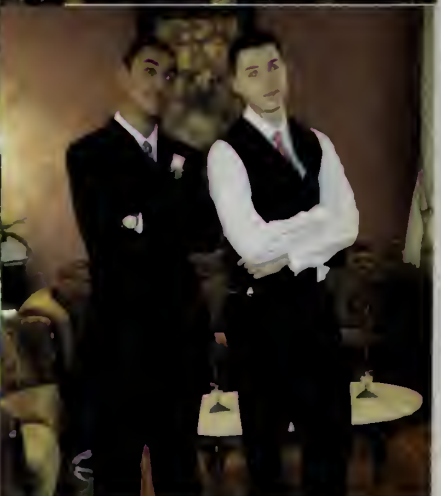

Diane Cedrone

Ms. Cedrone grew up in a family of 6 as a Natick native, and is a graduate of Natick High School. She went to Anna Maria College and was a lab technician before taking a leave of absence to travel through Europe, an experience she feels very lucky to have had. She returned home to marry her husband and start a family before deciding she needed a more engaging career. She then returned to school at Framingham State to get a degree in Biology with a minor in secondary education. Upon graduating, she got a job teaching Earth Science at Norwood High before moving into a Biology position. After teaching Biology for 10 years, she got the chance to teach a senior forensic class, which has doubled in enrollment since she began the course. Ms. Cedrone has loved teaching for the past 22 years because every day is different and she gets to laugh most days. She thinks that being able to help people is one of the most important things you can do, which is why she's such a great teacher to her students. Now that she is retiring she is fond of telling students "I don't know what I want to be when I grow up!" She knows that like her wonderful seniors who she enjoys so much, the possibilities abound for the future.

Thank you, Ms. Cedrone, for your years of service for NHS! We will miss you and are honored to be "graduating" with you.

A Message from the Dean

"How do you go from where you are to where you want to be? You have to have an enthusiasm for life. You have to have a dream, a goal. And you have to be willing to work for it!"

– Jimmy Valvano

It has been a great privilege to serve as your dean for the past two years. You are a remarkable group of young men and women and you can achieve whatever you wish by working hard, staying true to your values and helping others along the way. Be proud of what you have accomplished and continue to set high goals for yourself.

Respectfully Yours,
Mr. Cormier

What does TIOT mean, anyway?

TIOT (pronounced "tie-ot") originates from the language of the native Neponsets, a branch of the Algonquin tribe. Translated to "enclosure of waters", the term refers to the fact that Norwood is surrounded by water on three sides by streams and a river.

The first few settlers of the Norwood area situated for the most part on the fertile land beside the Neponset and along the Traphole and Hawes brooks. The settlers gradually transformed the wilderness into a small, self-contained village that came to be known as TIOT.

Around the 17th century, TIOT became known as a nickname for the Hawes brook area, which is now known as South Norwood. In 1639, TIOT was a part of Dedham, along with 14 other communities in southeastern Massachusetts. The Town of Norwood was officially formed in 1872.

Today, TIOT remains a visible symbol of town pride, as it has been the name of the yearbook since 1939. This year we celebrate the 78th edition of the Norwood High School TIOT yearbook.

A FINAL THANK YOU!

The Norwood High School TIOT staff would like to thank all those who helped in the creation off the 78th edition of the TIOT, including Mr. Bourne, Ms. Shore, Mr. Conant, Ms. Drummey, Dan Busler for his amazing arts photos, Terry Blieler, our new representative Debbie Cohen, the whole crew at LifeTouch, and the entire NHS staff for putting up with us taking photos all year. Thank you to the Norwood Police for allowing us to take our staff photos at the station this year!

The 2016 TIOT staff would like to thank Ms. Treloar for all of her hard work this year. From the meetings twice in a week, to her own personal free time, she helped us create this yearbook and keep us on schedule to meet our deadlines (well, to be no longer than 2 weeks late on any of of them). Thank you, Ms. Treloar!

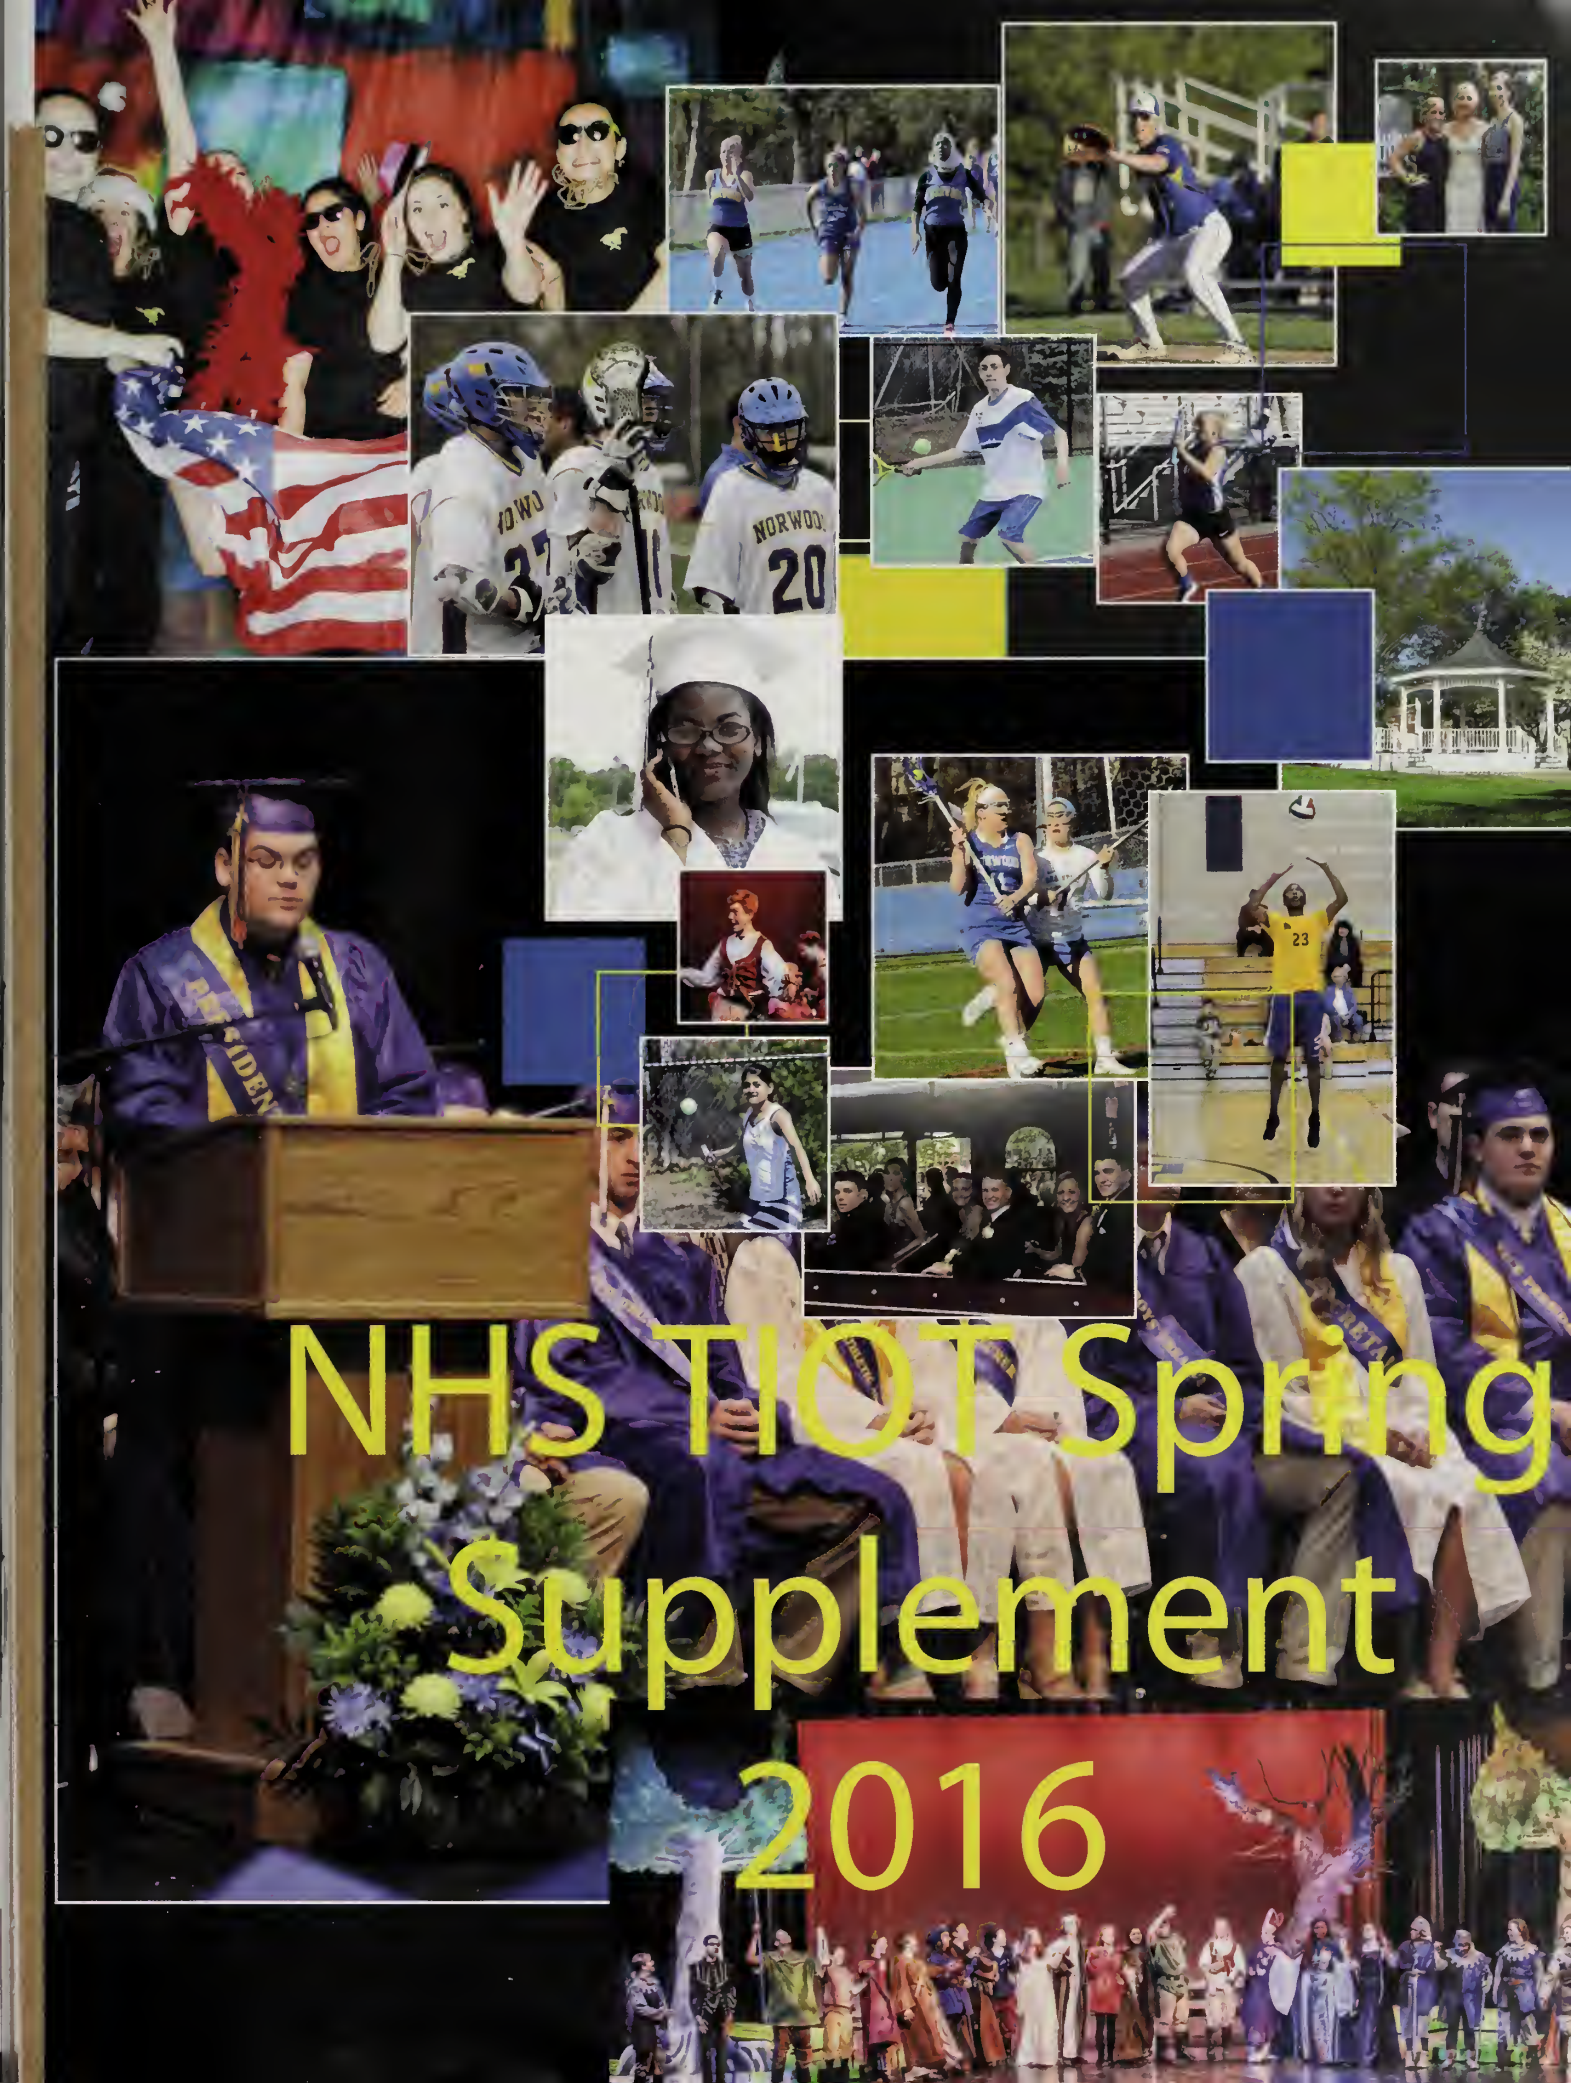

Ms. Treloar would like to personally thank the class of 2016 for their contributions to the yearbook. You're a great class and I will remember you fondly. Thank you, TIOT staff, for all the hard work you put in, especially my editor-in-chief, Jenn Khirallah. You're all guilty of making this a yearbook a great one!

Best of luck in the future, Class of 2016!

Article 3: We leave Casey Mac two weeks before she's home from college.

Article 4: We leave Tali Panos a pair of thick, thermal leggings.

Article 7: We leave Brian McDonough with a Santa suit and no time to wear it.

Article 8: We leave finally knowing who's pregnant after a two-month bump watch.

Congratulations, Ms. Treloar.
